## 1. Motion on member's tickets

Proposed policy: Organizing committee members who contribute 'sweat equity' to their respective events may attend without purchasing tickets, provided the total face value of such tickets does not exceed 10% of the total income generated by the event and does not significantly impact the event's overall budget.

Amendment from Matthieu:

- the rewording is: organizing committees members who contribute "sweat equity" to their respective events may attend that no costs or at the reduced costs, provided that the total face value of this benefits does not exceed 10% of the non subsidies portion of tickets income generated by the events

Question: How does current policy work?

Answer from Audrey and Delphine: there is no current policy on this. So technically all committee members should be paying for events right now before the motion.

Question: I thought our tickets were usually free.

Answer: That was illegal. But if this motion passes, there is a change to that.

Question: How does the amendment change policy?

Answer from Audrey: so, it's just the wording. Because now, the wording was not clear enough, so it just adds the portion that is not subsidized by Universalis to make sense of where the money comes from.

Votes on amendment

- Yes: 54
- No: 1
- Abstain: 1

Amendment of Motion number 1: approved

Vote on the motion with an amendment

- Yes: 48
- No: 1
- Abstain: 5

The motion got passed

## 2. Motion on prizes

Prize money for now is a maximum of 10 euros per event. We propose the motion that changes 30 euros per event, but maximum for 10 euros per person.

Question: what is prize money?

Answer from Audrey: If you're doing the contests or something, if you want to give something like a prize, they can have prizes. Before it was only one person, now it can be three or more people if the maximum is not reached (in the motion).

Vote:

- Yes: 51
- No: 6
- Abstain:4

The motion got passed

### 3. Motion on gift

Old policy: funding for speaker's gifts shall not exceed 10 euro per speaker

New policy: "Funding for Speaker's and driver's gifts shall not exceed ten euros per speaker or driver".

Amendment from Matthieu

- Speakers, drivers, and the first aid trained people.

Question; you mean people who have first aid training, and that will go on exco trips?

Answer from Matthieu: or any other trip organized by UCM.

Comments from Audrey: The thing for UCM is Universalis get first aid training so that we can go help them, than any other external.

Question: Why do you need someone with a first aid certificate?

Answer from matthieu: Because we're hiking outdoors, someone hurt themselves.

Question from IB: Do you have better words than a first aid person? Currently anyone who has a first aid certificate could be.

Answer from Matthieu: participating EHBO certificate holder.

Question: participating means joining the hike or not?

Answer: we want them to join the hike with us.

Suggestion: rewording to non Universalis members?

-> we are Universalis members, anyone in UCM.

Question: you mean that you want the motions to be able to have gifts for people who are not in Universalis?

Answer: no. The rewording might not be necessary?

Answer: the wording of policy needs to be precise

IB comment: the current wording is not specific enough for IB. If you say non-Universalis service members, we do not know what service means in that context.

Suggestion: speakers, drivers, EHBO certificate holders

Comments: if there is an event in UCM, and the whole SB teams hold the certificate, then why does everyone want to give a gift, because they can get a free gift?

-> delphine: they still have to budget for it.

Suggestion: how about the event team Universalis?

Matthieu: this is not enough time to discuss the wording, postponed to the next GA.

-> second it.

Questions: would this be individual gifts, so both speakers and drivers can get a gift of 10 euros?

Answer; yes.

Do you favor motion 3? Vote:

- Yes: 47
- No: 6
- Abstain: 3

The motion passes.

## **Fall 2024 Budget Plans**

Overview of fall 2024

Chair gives an overview of the expenses:

Audrey; we just need to be very mindful on total budgeted expenses

Question: what do you mean when you say "it's a lot" I do not know how to be mindful.

Answer from Audrey: it is not about the number, it's more about, for example, the ticket price is getting higher.... This is a matter of every single budget, and we will discuss it throughout. That is a general statement that everyone needs to be aware of that this is everyone is budgeted for right now.

Question: so UCM contributed 13,000.00 euros, where's the rest comes from?

Answer from audrey: The rest, so we have 24,000.00 of savings. We have a UCM contribution that is each semester, 13,000.00 euros. Total budgeted expenses are what every committee is budgeted for for this semester.

Question: So the available budget would be 15,000.00?

Answer from Delphine: add savings + contribution. If you want the exact number, I can give it to you.

Comments from Pascal:

You need to keep in mind that there is contingency in the budget, roughly 3,000.00 euros, which is like emergency money, which is not being spent but yet budgeted in total budget. Historically for the last 5 years, the committees do not spend 60% of money they budget for. We will not spend too much money.

Comments from Delphine:

but this, what we have right now, is more than we have in the last 5 years, so we need to keep that in mind.

Comments from audrey: also keeping in mind that if everything does get spent, then we have less money than right now, which is not technically a problem, but it is just that you will have less events, less expensive events. If everything gets spent.

Question: how was the last semester?

Answer from Audrey and Delphine: Last semester, they had a bit more in savings, budgeted around 29,000.00. But the remaining budgeting available was like 11,000.00.

Question: do people have spreadsheets of the fall budget?

Answer: it was sent in the Chairs and Treasurer group chat. We will also have slides for every budget.

## Current Financials

Savings: 24.511,09 euros

UCM contribution: 13.000,000 euros

Total Budgeted expenses: 30.839,40 euros

Remaining Budget Available: 6.671,69 euros

## Executive Board - 5,925.72 euros

### **Total: 5,925.72 €**

- It is different from what we sent, because we have decided to remove the outro speaker, which was around 700 euros. Since we are heading into colder months, having an outro speaker right now makes less sense. However, we are considering budgeting next semester.
- As we said the contingency is the 10% of total money that we have in the bank account.
- Question: What will be the food containers?
- Answer: food containers, for example, left over we want to keep in. All the containers we had were moldy, so we had to throw them away. We budgeted for a steal, which will last longer. Also, we want to get several types, bigger ones for huge amounts of food, and small ones for the fridge.
- Question: Were all the containers that Cato sent moldy?
- Answer: we cannot keep cato's container, after the events (committee fair), they need containers by 8am: all containers we were using was moldy  
For the future; if we have food containers, we do not have to throw food away and give it away to other people. Also we budgeted larger because we do not know how many we are going to get, and we want to make sure we get a good one so that it will last longer.
- Questions: There are 2 GAs for this semester?
- Election and stopgap.
- Questions: snacks for this GA?
- Answer; this time the snack from the bonding money, but from next GA, it will be for everyone
- Question: what other kind of room supplies do you plan on buying?
- Answer: moving room cost mostly (lamps, table, etc.)
- Question: Where is the new room?
- Answer: next to wolfgang's room, D1.036B

**Final Budget: 5,925.72 €**

**Social Board 5,014.55 euros**

**Total: 5,014.55 €**

We are not intending to use all of the money, in case the committee has something. Supplies are run out, that is why we need to budget for it. Fun for new committees; after GA, SB has to pay for. UCMSA membership is also high... collaborating with other associations, most comes from think tank reports. Next semester will be cheaper

- Question: Is the winter at UCM going to be like a committee collaboration?
- Answer: yes
- Question; do we need to budget it in?
- Answer; No
- Question: Why 50 euros for paper towels?
- Answer: for the pizza, to wipe off dirty hands

**Final Budget: 5,014.55 €**

**Academic Board 1,025.00 euros**

**Total: 1,025.00 €**

For the master's event, budget the speakers. For bigger events we budget the food. For speakers coming from abroad, we need to budget more than usual. Budget a bit more for potential events

- Question: no questions
- Answer

**Final Budget:1,025.00 €**

- Question: Are we reducing the amount of bottles?
- Answer: from the last semester we still have bottles, champaign does not go bad
- Question: Will the graduates also contribute to the gift on top of the 250 euros?
- Answer: no, the graduate will not contributing, and for february there is less graduates so that's why
- Question: But 250 divided by 80 is 3 euros?
- Answer: messy process to collect money
- Question It looks funny to have UCM budget for a gift for UCM
- Answer:
- Question: It doesn't fit the spirit of the UCM graduate gift. Also 3 euros is not a lot.
- Answer: 3 euros are indeed not that much, but last graduate did not have gift, and we want to make these gift as tradition
- Question: How would you do the gift?
- Answer: we are going to tell them how much to people, and collect money, send texts in the mega chat for brainstorming

Notes to IB:

Before the votes start, make it clear that people can vote to no

The number of people in the woodclap is getting higher by time(some technical issue, or logging into twice with different tabs), that is why we have less votes in the first few votes.
