*General Baccalaureate | Sept. 2020 - July 2023*

- GPA: 16.00/20
- Minor in Political Sciences and Humanities
- International curriculum involving history and literature courses in English

# Motivation Letter

Dear Independent Body, Board of Universalis and UCM students,

From the moment I arrived at UCM, I became aware of the importance of the community. After attending my first Intro Days, I knew I wanted to get involved in Universalis, and now, after organising the second Intro Days and spending a year as Social Internal, I want to continue getting involved in the board. This is why I am applying for the position of Social Chair for the upcoming year.

I have now been working in the Social Board of Universalis for a year and this experience has been very valuable for me. As Social Internal, I was responsible for overseeing  $\frac{1}{3}$  of the committees, and coordinating the Intro Days, which helped me improve skills such as organisation, project coordination, adaptability and problem solving. Additionally, I held the role of Vice-Chair for the entire year and I believe this experience will serve me as Social Chair, as it allowed me to properly understand the Chair's responsibility. Finally, I learned the value of working in a team and how important clear communication is for efficient collaboration.

As Social Chair, I will build an environment where everyone feels supported in their role and can achieve their personal objectives. My goal would not only be to lead, but to create a space where communication is open, responsibilities are clear, and where we can be able to rely on each other as a team. Moreover, this position will also give me the opportunity to continue, and even strengthen, the collaboration with the other two boards so we can take unified decisions and provide the best outcomes possible for our association. Indeed, the Social Board does not operate alone and coordination and cohesion of the three boards is essential to the smooth-functioning of the association.

In the end, the reason I joined Universalis last year was because I wanted to be more involved in the UCM community, and, after one year of doing so, my motivation is even stronger than before. I am committed to maintaining this spirit of community which makes UCM so great. Through supporting committee events, welcoming first-years, and creating a healthy team dynamic, I will ensure that the Social Board continues to have a positive impact in the daily life of students. I believe that my prior experience in the Board, combined with my passion and enthusiasm make me a strong candidate for this position. I would be honored to be able to continue my involvement within Universalis in this new capacity.

Thank you!
